

# MORETON PINKNEY PARISH COUNCIL FINANCIAL AND MANAGEMENT RISK ASSESSMENT

Risk assessment is a systematic general examination of working conditions, workplace activities and environmental factors that will enable the employer to identify any and all potential risks inherent in its activities and operations. Based on a recorded assessment, the employer should then take all necessary steps to eliminate or, where this is not possible reduce the risks, insofar as is reasonably practicable to do so. This document has been produced to enable the Parish Council to assess the financial and management risks that it faces and to satisfy itself and others that it has taken adequate steps to control them. In conducting this exercise, the following plan was followed:

- ✎ Identify the areas to be reviewed.
- ✎ Identify what the risk may be.
- ✎ Evaluate the management and control of the risk and record all findings.
- ✎ Review, assess and revise if required.
